

Crown & Bridge Instruments

Nordent Original Straight Blade Designs - These unique Cord Packers have long (12mm) blades that allow easy adaptation around any tooth. The tips are thin enough to access even the tightest sulcus and are available in plain or serrated tips that won't catch the cord.

Gingival Cord Packers - Straight Blade

Nordent #113 Mirror image blades that have a 45° off-set.

Plain Tip	<input checked="" type="radio"/> CEGPNP113 <i>shown</i>	<input type="radio"/> REGPNP113	<input type="checkbox"/> EGPNP113	<input type="checkbox"/> GPNP113

Cement Spatulas

Spatula #22 Tapered blade is 30mm long with a moderate flex.

Spatula #24 Parallel sided blade is 45mm long and 7mm wide with a moderate flex.

Mix & Place Spatula #24M The standard Spatula #24 blade has been narrowed at the tip to allow the user to mix and place cement with one instrument. The placement tip is 3.5mm wide.

Crown & Bridge Instruments

Crown Removers

CRN108

Mazouch #108 Heavy Duty Crown Remover with large handle.

CRN134

Nordent #134 Our most popular Crown Remover gives you easier access, less preparation and more patient comfort. Mirror image blades are off-set 45° and can engage prepared slots on any surface of the crown. The blades will fit slots as narrow as 1mm and are made from a special high tensile stainless steel alloy so they won't bend. The exclusive DuraLite® HEXagonal handle provides superior leverage and control.

Crown Adapter

CRN2709

Adapter #2709 The large rubber inserts are shaped to cradle the crown and are heavily ribbed to assure maximum control. These Crown Adapting Pliers are all stainless steel and have the narrowest profile available so they will not impede your vision when placing temporary and permanent crowns and bridges. Packaged with 2 sets of re-usable autoclavable inserts.

CRNINS

Replacement Inserts for Adapter #2709 2-sets of inserts (4 pcs)

Crown & Collar Scissors

Made from the finest high carbon stainless steel and hardened to the highest degree to stay sharp longer and optimize corrosion resistance.

S324

Straight Blade #324

S325

Curved Blade #325
