DURALite® ColorRings™ Handle

Our newest and most advanced ergonomic handle design! DuraLite ColorRings has the same large 3/8" (9.5 mm) diameter as our popular DuraLite Round design. The handle design has a more gradual taper from the tip to the grip so that your fingers are even more comfortable closer to the tip. In addition, we've extended the ControlRing grip by 50% to give you maximum slip-free gripping power over a larger portion of the handle. The handle has a gentle texture to reduce glare and is 100% stainless steel to make it easy to clean and sterilize by any method. The DuraLite ColorRing handle incorporates four color ring positions that are below the finger grip surface allowing you to better identify, organize and customize your instrumentation.
